### Beschreibung:

The new EU policy cycle provides an opportunity to assess the current regulatory framework to align it with the EU's broader strategic objectives. This should be done with the objective of enabling all banks operating in the EU to remain competitive in an increasingly fragmented global landscape. With the above in mind, we describe below some of the key priorities AFME has identified with respect to the evolution of the EU banking regulatory framework and our proposed solutions for EU policymakers to consider and work towards in the new legislative cycle.
