

Meeting with Federal Chancellor of Germany, Olaf Scholz

Berlin
April 11, 2024

Technology neutral policies to promote **complementary** implementation of renewable and low carbon hydrogen to achieve **RFNBO targets** under RED III

Linde's Request

- Focus on reducing carbon intensity, ensure **neutrality** to technology and asset base (existing & new)
- **Mandate LCH** volumes to be considered for **RFNBO** quotas
- **Policy** to support investment in **long-term** LCH production and network (**min. 15 years**)
