Facilitating participation in German long-range rocket / other weapon system procurement

Aktuell seit 14.09.2026 08:32:48

Angegeben von:

Hanwha Aerospace (R007521) am 04.08.2025

Beschreibung:

Hanwha Aerospace is engaging with German stakeholders to ensure that the upcoming procurement process for long-range rocket systems / other systems remains open to european country and German suppliers. The interest representation seeks to influence discussions around procurement eligibility, technology cooperation conditions, and local content requirements in the context of Bundeswehr modernization and strategic autonomy.
