

Statement on Business Ethics

With this statement the Charging Interface Initiative (CharIN) e. V. declares the importance of ethics as a basic guideline for the management of the association and its continued existence.

- The CharIN e. V. conducts always in compliance with applicable laws.
- The CharIN e. V. conducts always with respect to human rights. The leading global association does not tolerate discrimination and commits to international laws protecting individual and human rights, especially regarding money laundering, human trafficking and bribery and corruption.
- In line with CharIN's general approach to promote interoperability based on the Combined Charging System (CCS) as the global standard for charging vehicles of all kinds, the association supports the international commitment to reduce CO2 emissions and respects the global environment. As an international association, the CharIN e. V. pursues internal sustainability goals in line with the UN Sustainability Goals.
