Beschreibung:
In response to the 2008 financial crisis, the European Commission put in place a number of initiatives to create a safer financial sector for the single market. These initiatives form a single rulebook for all financial players in the 27 EU countries. They include (i) stronger prudential requirements for banks (ii) improved protection for depositors (iii) rules for managing failing banks In October 2017 the Commission published a Communication from the Commission: Completing the banking union. On 18 April 2023 the European Commission adopted a proposal to adjust and further strengthen the existing EU bank crisis management and deposit insurance (CMDI) framework.
